

| Lot Number | Description  |
|------------|--|
| 1          | Junair Spraybooth with paint mixing room, laboratory room and masking room s/n CD9186011901 (2019) 4 Metre x 2.5 Metre x 2.43 Metre  |
| 2          | BLANK LOT  |
| 3          | Almig Variable 34 air compressor serial number: 217-01360-1132 385 00010 (2013) with Beko Drypoint DPRA370/AC Air dryer and vertical receiver  |
| 4          | Ultrawave ultrasonic cleaning tank, model IND 265D Serial number: 053246 (2019)  |
| 5          | Mobile Burner calibration rig  |
| 6          | Haltec Spray booth 4.2M x 2.8M x 2.6M  |
| 7          | Corfix structures 3 Tonne Crane with 12M Gantry S/N 3394   |
| 8          | Rosendale Group 5 tonne capacity mobile gantry crane with 2 Yale lift 360 chain block hoists. s/n 53223  |
| 9          | Pallet inverter, model FSDCB2000 2 tonne max Serial number: A2221533 (2012)  |
| 10         | Hedinair 100kw electric oven Serial number: 19413  |
| 11         | Hedinair 25kw electric oven Serial number: 19295-1   |
| 12         | Haltec Stabilisation booth 400cm x 300cm x 260cm   |
| 13         | ML Furnaces model FUR125 1250°C 30kw furnace with infeed conveyor Serial number: 13840114<br>Non destructive testing booth and contents to include Johnson Allen 3KW drying oven S/N M302, stainless steel twin basin parts washing unit and fitted work bench throughout. |
| 14         | throughout.  |
| 15         | Miller Maxstar 200 portable tig welder   |
| 16         | Hodge Clemco Enviroclean twin walk in shotblaster with mobile turntables and extraction system Serial number: 52676  |
| 17         | Enviraclean series 1500 shotblast cabinet with reclaim and dust extraction s/n 43337   |
| 18         | Enviraclean series 1500 shotblast cabinet with reclaim and dust extraction s/n 43338   |
| 19         | Nederman MJC Mini compact extraction system  |
| 20         | Nederman MJC Mini compact extraction system  |
| 21         | Enviraclean series 1250 shotblast cabinet with reclaim and dust collection Serial number: 77438  |
| 22         | Richmond spray booth approx 2.9M x 2.44M x 2.2M  |
| 23         | Almig variable 55 air compressor Serial number: 217-1111-115035370010 (2015) with Abac dryer and vertical air receiver   |
| 24         | Rosendale 5 tonne mobile A frame gantry Serial number: M4SE550 (2014) with 2 LiftinGear chain block hoists   |
| 25         | Huvitz Metallurgical Microscope Model HR3RF  |
| 26         | Clarke Strong arm 25 tonne capacity hydraulic press  |
| 27         | Surtech Aceti 81 double ended deburring machine S/N 9344   |
| 28         | Optimum TH4210D centre lathe with DPA21 digital readout Serial number: 201417100500 (2017)   |
| 29         | Clarke CBG8370LW 8 inch double ended bench grinder with stand  |
| 30         | Kobe double ended bench grinder with stand.  |
| 31         | Kennedy synergic portable mig welder s/n 31554817  |
| 32         | Optimum B40 GSM geared head pedestal drill s/n 30344001  |
| 33         | Electro Arc 15KVA metal disintegrator  |
| 34         | Optimum S181 horizontal bandsaw  |
| 35         | Erba EVP-RA 100 vibratory finisher   |
| 36         | Omega PO1 twin polishing machine   |
| 37         | Schenck HL5 UB CNC balancing machine (1983) with extended bed, Videoprobe system and Schenck HL5 UB HMI control unit s/n AHG 0479  |
| 38         | Unbranded 1 tonne capacity mobile A frame gantry with 2 Yale 1 tonne capacity chain hoists.  |
| 39         | Rosendale 500kg capacity floor mounted pillar jib crane with Yale 500kg capacity electric chain hoist and pendant controls s/n 2617 (2018)   |

- 304 LP compressor stator casing OEM part number: RM13211 Condition: overhauled
- 305 Inlet casing assembly OEM part number: RT14001 Condition: Coated
- 306 Inlet casing assembly OEM part number: RT14001 Condition: Engine run
- 307 Quantity of cables and parts
- 308 20 Flame tubes OEM part number: RM21035G Condition: Engine run
- 309 18 SGT100 Transition ducts OEM part number:RM33026E
- 310 15 transition ducts OEM part number: RM33026D Condition: Engine run & 6 transition ducts OEM part numbers: RM33026F Condition: Engine run
- 311 15 transition ducts OEM oart number:RM33011L Condition: Engine run & 2 Flame tubes OEM part number: RT21012N Conditon: Engine run
- 312 21 transition ducts OEM part number: RT33026B Condition: Engine run
- 313 7 DLE flame tubes OEM part number: RT21201G Condition: Engine run
- 314 Quantity of VGV Rams
- 315 Inlet casing assembly OEM part number: RT12111 Condition: Coated
- 316 3 RT complete rotor assembly set & blades OEM Part No. RT11000 condition: Full rotor stripped including blades
- 317 3 RT complete rotor assembly set & blades OEM Part No. RT11000 condition: Full rotor stripped including blades
- 318 3 RT complete rotor assembly set & blades OEM Part No. RT11000 condition: Full rotor stripped including blades
- 319 9 blow off valves and various spares OEM part number:RT5400A/04
- 320 7 CT2 diaphragms OEM part number: RT33032 Condition: Engine run
- 321 10 Outerseals, comprising 2 piston rings and 1 humped expander OEM part number: RT34015 Condition: Engine run
- 322 6 CT2 carry rings OEM part number: RT33021 Condition: 5 Overhauled
- 323 5 CT2 outer pressure casings OEM part number: RT33011A Condition: Overhauled
- 324 4 LP nozzle pressure casings OEM part number: RM3311A Condition: Overhauled
- 325 4 Flame tubes OEM part number: RM21023F Condition: Engine run & 4 Transition ducts OEM Part number: RM33011H Condition: Engine run
- 326 Inlet bearing housing assembly OEM part number: RM 12011 Condition: Engine run
- 327 Outer intoduct casing lagged OEM part number: RT35420B Condition: Overhauled
- 328 Inlet bearing housing assembly, uprate OEM part number: RM12111 Condition: Coated
- 329 3 RTHP compressor staor cases OEM part number:RT13012 Condition: Overhauled

- 330 RT combustion cover OEM Part No. RT34011 Condition: Overhauled
- 331 RT combustion cover OEM Part No. RT34011 Condition: Overhauled
- 332 Inlet casing assembly OEM Part No. RT14001 Condition: Engine run
- 333 Inlet casing assembly OEM Part No. RT14001 Condition: Engine run
- 334 CT bearing insert OEM Part No. RM34035 Condition: engine run & inner difuser OEM Part No. RM34039
- 335 2 PT2 Stator supports OEM Part No. RT33610A Condition: Lagging replaced
- 336 2 RMHP Compressor stators OEM Part No. RM13012 Condition: 1 Overhauled, 1 Engine run
- 337 CT Support casing assembly OEM Part No. RT34016 Condition: Overhauled
- 338 RT combustion cover OEM Part No. RT34011 Condition: Overhauled  
Star valve OEM Part No. 64/6200217719 Condition: New, Hydraulic VGV actuator assembly OEM Part No. RM06525A/03 Condition: New, Banger box with ignitor OEM Part No.6451001208 Condition: Tested & 7 SGT300 Exhaust clamps Condition: Ex-Service
- 339 4 RT inlet mounting stands OEM Part No. RT71087
- 340 LP nozzle assembly OEM Part No. RM22200D/01 Condition: Ex-Service stripped
- 341 2 SGT200 Clutch assembly & 2 SGT100 Clutch assembly OEM Part No. 64/62001283/3
- 342 RM Rotor OEM Part No. RM11200 Condition: Engine run
- 343 Rotor assembly OEM Part No. RT11000 Condition: Engine run
- 344 Rotor assembly OEM Part No. RT11000 Condition: Engine run
- 345 7 Seal rings OEM Part No. RM330093A, 34 various Cowhorns OEM Part No. RM21018 & RT21013/1, 14 Swirlers, 12 T-Clamps, 11 Clamp plates, 10 Thermo-couple bossers, 1 support bracket, 1 bearing, 7 CT1 Trackseals, 18 CT2 Trackseals, 51 Spacers, 97 VGV levers, 114 Uprate VGV levers, 25 IGVs, 84 EGVs, 2 PTJB Bases, 7 Burner back plates, 1
- 346 Tornado 1s inlet covers & 3 Tornado Thermo-couple brackets
- 347 Quantity of Burners
- 348 25 Litres of Liquid Nitrogen dura and Bath
- 349 Quantity of Burners
- 350 Quantity of Burners
- 351 Quantity of Burners
- 352 3 Rotor assembly OEM Part No. RT11000 condition: not including blades and tension stud
- 353 3 Rotor assembly OEM Part No. RT11000 condition: not including blades and tension stud
- 354 3 Rotor assembly OEM Part No. RT11000 condition: not including blades and tension stud
- 355 HP nozzle assembly OEM Part No. RM33081 condition: Engine Run
- 356 HP Compressor stator OEM Part No. RT13012
- 357 2 Combustion covers OEM Part No. RT34011 condition: overhauled
- 358 2 Outer lagged interducts OEM Part No. RT35420 condition: coated
- 359 6 Transition ducts OEM Part No. RM33026 & 4 CT foot supports OEM Part No. RM71056
- 360 3 Inlet stub shafts, 3 intermediate stubs, 5 cooling air tubes, 2 Tie bolt nuts & 2 CT stub shafts condition: Ex-Service
- 361 2 Inlet Volutes
- 362 4 RT Rotor assembly OEM Part No. RT11000 condition: not including blades and tension stud
- 363 4 RT Rotor assembly OEM Part No. RT11000 condition: not including blades and tension stud
- 364 4 RT Rotor assembly OEM Part No. RT11000 condition: not including blades and tension stud
- 365 4 RT Rotor assembly OEM Part No. RT11000 condition: not including blades and tension stud
- 366 SGT100-2S Aux gearbox OEM Part No. 64/62001266 condition: Ex-Service
- 367 2 Star valve pilots OEM Part No. 64/62002177/19 condition Engine Run
- 368 Complete build rotor OEM Part No. RT11000 condition: built

- 369 Outer lagged interduct casing OEM Part No. RT35010 condition: Engine run
- 370 2 Outer carrier rings OEM Part No. RM33023, 3 diaphragms OEM Part No. RM33332 & 2 Retaining rings OEM Part No. RM33027 condition engine run
- 371 2 Exit stub shafts OEM Part No. RM11063 condition: engine run
- 372 Complete built rotor OEM Part No. RT11200 condition: built
- 373 Blade set (fortistar) condition: engine run
- 374 Blade set (Greenfield) condition: engine run
- 375 HP nozzle assembly OEM Part No. RM33081 condition: Engine Run
- 376 2 LP discs OEM Part No. RM31091 & 1 HP disc OEM Part No. RM31392 condition: engine run
- 377 Clutch assembly OEM Part No. 64/62001283 condition: engine run
- 378 18 Burner backplates OEM Part No. RM22231H condition: Engine run
- 379 Compressor snail shell OEM Part No. TA15013A condition: overhauled
- 380 2 RT exit covers OEM Part No. RT08323
- 381 Quantity of Kawazaki turbine nozzles
- 382 Quantity of SGT200 parts
- 383 Quantity of SGT200 parts
- 384 Quantity of SGT100 parts
- 385 Kawasaki turbine inlet ducting
- 386 Tornado uprate rotor blades, discs & stub shafts (disassembled over 3 pallets) OEM Part No. RT11300 condition: Engine run
- 387 CT2 Stator assembly (disassembled) OEM Part No. RT33020 condition: Engine run
- 388 CT2 Stator assembly (disassembled) OEM Part No. RT33020 condition: Engine run
- 389 CT2 Stator assembly (disassembled) OEM Part No. RT33020 condition: Engine run
- 390 2 CT nozzle boroscopes, 16 CT2 nozzles, 18 CT1 track seals & 18 CT2 track seals condition: engine run
- 391 11 LP segments & 2 LP segment boroscopes & 73 PT1 blades condition: engine run
- 392 6 HP tip seals, 11 LP segments & 2 LP segment boroscopes condition: engine run
- 393 CT2 nozzle set condition: engine run
- 394 13 LP segments
- 395 8 Tornado CT2 segments OEM Part No. RT33062 & 5 LP segments typhoons OEM Part No. RM33362 condition: engine run
- 396 2 CT1 nozzle boroscopes & 52CT1 Nozzles
- 397 VGV test pack
- 398 3 Flow switches (FS1) condition: used
- 399 Auto drain valves, 2 torque converter oil pumps & 2 Pressurising blocks
- 400 Exploration gear cluster unrepaired
- 401 Torque convertor & fuel valves
- 402 Exploration gear cluster unrepaired
- 403 23 ISO cal valves & 23 pressure transmitters
- 404 8 igniters
- 405 8 Flame detectors
- 406 6 VGV pumps & 1 VGV motor
- 407 3 Liquid fuel blocks
- 408 6 11th stage manifolds OEM Part No. RT06085/500 & 3 CT rotor tension bolts
- 409 4 CT couplings, 1 diaphragm & 8 spools
- 410 4 exit lab seals & 6 inlet lab seals
